**National Credit Union Share Insurance Fund.** Business accounts in this Credit Union are federally insured by the National Share Insurance Fund and backed by the full faith and credit of the United States Government.

**Other Terms and Conditions.** The terms and conditions of the accounts offered by the Credit Union are set forth in the Membership and Account Agreement, which is incorporated herein by reference.

## **THE FOLLOWING DISCLOSURES APPLY TO ALL THE ABOVE ACCOUNTS EXCEPT BUSINESS SHARE DRAFT ACCOUNTS**

**Compounding and Crediting.** For all accounts, dividends will be calculated daily and will be compounded and credited monthly. For example, for the month of January, dividends would be calculated and paid for the period from January 1 to January 31. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period. If you close your account before dividends are credited, you will receive accrued dividends.

**Balance Computation.** Dividends are calculated by the daily balance method, which applies a daily periodic rate to the principal in the account each day.

**Accrual of Dividends.** Dividends will begin to accrue on the business day you deposit non-cash items (i.e., checks) to your account.

**Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period. The Dividend Rate and APY are the prospective rates and yields that the Credit Union anticipates paying for the applicable dividend period.

**Dividend Period.** The dividend period is monthly.
