There are no limitations governing checks withdrawn at any branch office, as well as no limitations governing ATM transactions.

BUSINESS SHARE DRAFT ACCOUNTS

Business Account Classification – Business checking accounts are classified by the amount of activity on the account each month as shown below. The classification is determined by the business owner at account opening and can be changed by providing written authorization to the credit union. Businesses with a common owner are eligible to combine up to five (5) separate business accounts under the same activity plan. Not for profit/association accounts are **excluded from** this account classification.

Business Account Deposit Corrections - Deposit tickets are REQUIRED with all business deposits. If the actual deposit amount does not equal the deposit ticket this will be considered a deposit correction. One correction per month is allowed **with additional corrections being charged as stated below.**

National Credit Union Share Insurance Fund. Business accounts in this Credit Union are federally insured by the National Share Insurance Fund and backed by the full faith and credit of the United States Government.

Other Terms and Conditions. The terms and conditions of the accounts offered by the Credit Union are set forth in the Membership and Account Agreement, which is incorporated herein by reference.

THE FOLLOWING DISCLOSURES APPLY TO ALL THE ABOVE ACCOUNTS EXCEPT BUSINESS SHARE DRAFT ACCOUNTS

Compounding and Crediting. For all accounts, dividends will be calculated daily and will be compounded and credited monthly. For example, for the month of January, dividends would be calculated and paid for the period from January 1 to January 31. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period. If you close your account before dividends are credited, you will receive accrued dividends.

Balance Computation. Dividends are calculated by the daily balance method, which applies a daily periodic rate to the principal in the account each day.

Accrual of Dividends. Dividends will begin to accrue on the business day you deposit non-cash items (i.e., checks) to your account.

Nature of Dividends. Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period. The Dividend Rate and APY are the prospective rates and yields that the Credit Union anticipates paying for the applicable dividend period.

Dividend Period. The dividend period is monthly.
